There will be a registration office located in each of the 2 main locations. They will be open from 5.00pm until 6.00pm at the industrial Estate and 6.00pm to 6.30pm at the football club. On arrival at your respective location, you will be guided by a marshal to the respective office. Please note that the registration office will close at exactly 6.00pm at the industrial estate and 6.30pm at the football club, hence if you are late you will not have the opportunity to take part in the judging and procession. On registration, you will be guided to an allocated area where you will need to be in place for 6.15pm at the industrial estate and 6.35pm at the football club, when judging will commence.

If you have registered prior to the event, you will still be required to report to the registration office in order to check in and collect the necessary class paperwork; however the time spent in the office will be significantly reduced.

You will receive a Carnival Safety Leaflet, which you **MUST** abide by. It is also worth noting that where you are required to have insurance for your float, you will be required to carry this in the vehicle, and this detail will be checked, at registration.

It is worth noting that only vehicles taking part in the procession will be allowed to enter the Industrial estate. **All cars dropping off will be directed to a suitable parking area.**

If your float is departing from Holsworthy Football Club, please note that the parking is very limited, and it is suggested that you park elsewhere and walk where possible. It is also worth noting that the road closures will be in place from 6pm and hence you will need to be in place well in advance of this time, if you do require access.
